(August 13, 2008) Report from City Manager

Summary

The Licensing and Standards Committee requested a report on any conflict between the independence of the Toronto Licensing Tribunal and the requirement for the Tribunal to submit its Annual Report to the Deputy City Manager responsible for licensing issues for transmittal to the committee along with any comments from City staff.

Staff in the City Manager's Office reviewed the relevant provisions of the Toronto Municipal Code and the Toronto Licensing Tribunal Relationship Framework, as amended by Council, and did not find these provisions to be in conflict. Appendix "A" to this report includes extracts of the Toronto Municipal Code, §543-3, Licensing, and Council-approved requirements for the Licensing Tribunal's Annual Report.

Collection of Personal Information by City Licensed Second-Hand, Salvage Yard and Old Gold Dealers

Public Notice

Decision Advice and Other Information

The Licensing and Standards Committee deferred consideration of the report (October 29, 2008) from the Executive Director, Municipal Licensing and Standards Division, and requested:

1. the Executive Director, Municipal Licensing and Standards Division, to seek comments from the Toronto Police Services Board;
2. the City Solicitor to review the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA) decision in light of the additional licensing authorities provided under the City of Toronto Act which may suggest amendments to the City of Toronto Licensing By-laws that would allow the City to collect this information for law enforcement purposes; and
3. this information be reported back to the Licensing and Standards Committee.

Origin

(October 29, 2008) Report from Executive Director, Municipal Licensing and Standards

Summary

This report addresses the issues raised by the Information and Privacy Commissioner of Ontario (IPC) regarding municipal by-laws which require the collection, recording and production of personal information from sellers of goods to Toronto licensed second-hand and salvage yard dealers and dealers in old gold and other precious metals and jewellery.

As a result of a complaint received on July 6, 2007, regarding the information collection practices of the City of Ottawa, relating to second-hand, the IPC conducted an investigation, which resulted in Order MO-2225 being issued to the City of Ottawa on September 11, 2007.

This Order directed the City of Ottawa and the Ottawa Police Service to cease requiring that second-hand goods shops collect certain pieces of personal information from individuals selling used goods to the shops. In addition, the IPC's Order required that those pieces of personal information that had been previously collected by the shops under the City's by-law be destroyed. This is the first time the IPC of Ontario has issued a cease collection and destruction Order under the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA), or its provincial counterpart.

This report recommends that similar provisions in the City of Toronto Municipal Code, Chapter 545, Licensing, as they relate to second-hand dealers, salvage yard dealers and dealers in old gold and other precious metals and jewellery, be amended to bring the Code into compliance with the Order issued to the City of Ottawa by the IPC.
